

Physio session for free

FREE advice is literally on the table for *Weekly News* readers – courtesy of a Runcorn physio.

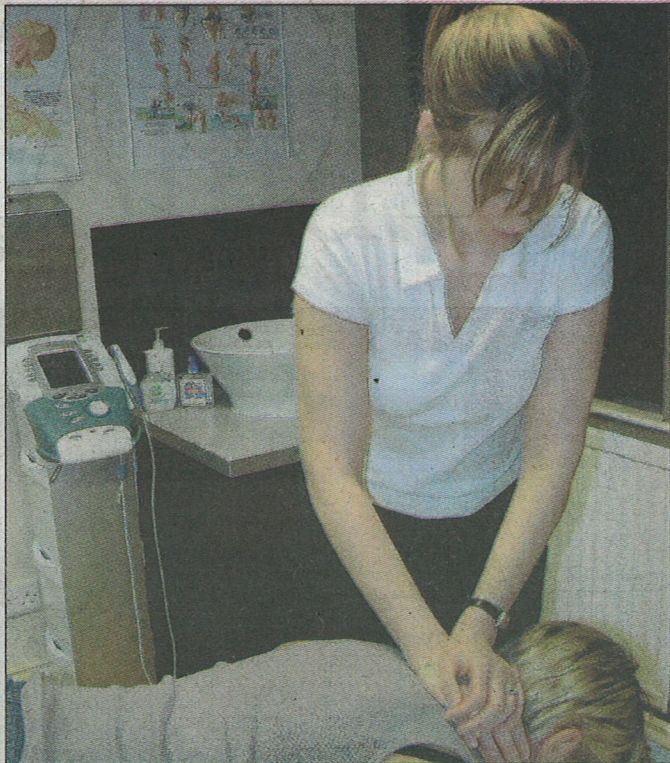

PremierPhysio in Church Street is offering Halton residents free treatment at its new Physiotherapy and Acupuncture Clinic, including podiatry and chiroprody care.

Vicki Harvey, Premier-Physio manager, is delighted with the feedback she has received since the clinic opened six months ago.

She said: “Since November we have helped many people in the local community to return to a pain-free life.

“Clients have not only been pleased with the treatment they have received but have also enjoyed the overall experience of our unique, modern and stylish facilities.

“We want to encourage anyone with an ache or pain to come along and see what we can do to help, as most people only require a session

PREMIER PHYSIO: *Weekly News* readers can benefit from a free assessment at the new clinic in Runcorn Old Town.

or two to be symptom-free.”

She added: “At this time we are treating lots of runners suffering from knee or calf pain while training for races, which can be eased

with physiotherapy treatment or a podiatry assessment to prescribe insoles.”
