

Targeting the Cause... ... not just the Symptoms

PremierPhysio should be your first port of call for any aches and pains. Located in Runcorn Old Town, we have a highly qualified team of Chartered and HPC registered physiotherapists, acupuncturists and podiatrists/chiroprodists.

Why Choose Physiotherapy?

That sore knee that stops you playing football. A twinge in your back when you bend. Shoulder pain when you reach up. Physiotherapists are trained to examine and diagnose problems in joints, muscles and other soft tissues. Our treatment focuses on correcting and improving natural healing processes.

We use a range of manual techniques and exercises, aided by sophisticated electronic equipment or acupuncture. A recurring back pain may require core stability exercises, or an adjustment to work posture or sporting technique. Carpal tunnel syndrome, arthritis and cartilage damage can all be treated with physiotherapy, often negating the need for surgery. You don't even need to be referred by your GP. For whatever you seek our advice, you can be sure that we will target the cause, not just the symptoms!

PREMIERPHYSIO

*If you're still unsure as to whether we can help, why not give us a call quoting ref **RWW1** to arrange a free assessment.*
